

ILLUSTRATIVE EXAMPLE — sample data to show the report format. Not a real client or guaranteed outcome.

Site: Example Site — Café / Hospitality, Auckland

Reporting period: June 2026

**53%**

diverted from landfill

**2.40 t diverted · 4.50 t total**

Contamination: Low

Weights recorded by stream (bin / route / facility data)

Stream	Weight	Outcome
General waste	2.10 t	To landfill
Mixed recycling	1.55 t	Diverted
Cardboard & paper	0.80 t	Diverted
E-waste	0.05 t	Diverted
<b>Total collected</b>	<b>4.50 t</b>	<b>53% diverted</b>

## What your monthly report includes

- Diversion-from-landfill rate and weights by stream, per site
- Contamination flags with practical fixes
- An indicative CO2e estimate using stated emissions factors (not a verified carbon inventory)
- Figures formatted to support ESG, tenders and committee or tenant updates
